EXPLORE THE SCIENCE BEHIND ARIZONA'S TOP ATTRACTIONS

Arizona is full of engineering marvels, scientific innovations, natural wonders and cultural creations. Follow the SciTech gecko and check out all of the interesting ancient and modern Science and Technology throughout Arizona. Get a complete list of SciTech events at Azscitech.org/events.

AS GOVERNOR OF ARIZONA,

I'm proud to introduce the program for the 2017 Arizona SciTech Festival, a statewide celebration that is the third-largest science and technology festival in the nation!

Arizona is a national leader in empowering students to become ambassadors for Science, Technology, Engineering and Math (STEM) education. In today's knowledge-based economy, encouraging Arizona's youth to become the next generation of science and technology leaders is critical to meeting the needs of modern employers and ensuring Arizona remains competitive in today's world.

In addition to inspiring thousands of Arizona youth to pursue education and careers in STEM, the Arizona SciTech Festival brings together communities from around the state and helps create hundreds of partnerships in the name of science, technology and innovation. Throughout February and March, you will find thousands of events, workshops, exhibitions and tours held in diverse locations around our great state. From engineering marvels to natural wonders to scientific innovations, Arizona offers endless opportunities for discovery.

I encourage you to take advantage of the opportunities these events provide to visit places around Arizona, learn, and discover all this state has to offer. Each year, the Arizona SciTech Festival continues to grow and thrive - I hope you will join us and help make 2017 the largest celebration to date.

Governor Doug Ducey

PRESCOTT

Established as the original capital of Arizona, Prescott has more than 700 homes and businesses listed on the National Register of Historic Places. Tour the Victorian treasures and experience the "living history" at the Sharlot Hall Museum. Explore the shops and restaurants surrounding the spiritual and physical centerpiece of "Everybody's Hometown," the Yavapai County Courthouse Plaza- considered both a great urban space and community gathering spot. Prescott is also home to the world-renowned Embry Riddle Aeronautical University, where many of the nation's top aeronautical scientists and engineers are trained.

SciTech event

Prescott Regional SciTechFest (February 25)

Gila River Rafting

SAFFORD

Located along the south bank of the Gila River, Safford is brimming with natural encounters. Grab a kayak or canoe and splash into the head waters of the Gila River where you can put your skills to the test, or climb the peaks of Mount Graham International Observatory at 7,000 feet. If you're looking for a more relaxed atmosphere, then grab binoculars and discover the birds and wildlife of the Gila Box Riparian National Conservation Area.

Gila Valley Health and Science Festival (February 25)

**Out of Africa
Wildlife Park**

VERDE VALLEY

The Verde Valley is a wonderland encompassed by both natural and cultural creations. Take a safari ride through the savannah of Out of Africa Wildlife Park and soar through the park on the Zippin' Safari zipline. Kayak, hike and bird watch through the Verde River Greenway— one of Arizona's last free-flowing rivers. Step back into the past, and take a ride on the Verde Canyon Railroad, where you can follow the Verde River and enjoy the red rocks of the valley.

FLAGSTAFF

Whether you're fascinated with space or just like to stare up at the stars, Flagstaff has an unparalleled view of the night sky. Named the world's first International Dark-Sky City, you can take advantage of unfettered stargazing at Lowell Observatory on Mars Hill. While there, visit the telescope that was used to discover Pluto in 1930.

Flagstaff Community STEM Celebration (March 6)
Add Flagstaff Festival of Science (late September)

Tempe Town Lake

TEMPE

Tempe, home of Arizona State University, not only attracts college students but entrepreneurs, athletes and art lovers. Tempe Town Lake brings together the Greater Tempe area for music, art, culture and athletic events for the entire community to enjoy. Take a walk down Mill Avenue to experience the local tastes of the diverse restaurants, cafés, and taverns. Also take advantage of more than 13 miles of hiking trails at Papago Park where you can hike or bike.

SciTech events

- ASU Night of the Open Door (February 25)
- Geeks Night Out: Discover the Science (March 2)
- PADT SciTech Festival Open House (March 2)

TUCSON

When the sun goes down, the stars come out in Tucson, and the perfect place to view them is at Kitt Peak National Observatory. Located in the Quinlan Mountains of the Sonoran Desert, this observatory is the center for ground-based nighttime astronomy in the United States. Take advantage of Tucson's "dark skies" and observe the stars and Milky Way with a professional astronomer during the Nightly Observing Program—a popular program for all ages.
